It is the home of the devil. The average Democratic and Republican politicians are little better than rascals, but the thirl party man is a fool. You can reform a rascal, but did you ever try t monkey with a fool?

They want to borrow money from the government at 2 per cent., when the government is now borrowing at 5. We hear a great deal of fool talk about the rich man getting richer and the poor man poorer under our present law. There never was a greater lie, and I'll prove it. There is nothing the matter with the law. It's the man that's at faulf. There's a lawyer on that side of the house that makes twenty thousand a year. Here's a little pettiforger whose family are starving. The law is to blame. and there is a little preacher sitting behind me that can't average 200. The trouble is not in the law, brother, it's in your noggin.
